

A series of vertical lines of varying lengths hang from the top edge of the page. At the end of each line is a heart. The hearts are in two colors: a vibrant red and a soft pink. They are scattered across the top half of the page, creating a delicate, rain-like effect.

# **HAPPY FEBRUARY 2025**

The bottom portion of the page is filled with a dense, overlapping field of hearts. The hearts are in shades of red and pink, creating a rich, textured border. Some hearts are larger and more prominent, while others are smaller and tucked away, giving the impression of a thick carpet of love.

**GREENVILLE BALLET'S  
MONTHLY NEWSLETTER**

- 2/21 - Selah Collins
- 2/24 - Louisa Allen

# MONTHLY HIGHLIGHTS

## Staying Healthy During Cold Weather!

With the cold temperatures lingering these past few weeks, it's more important than ever to prioritize our health—both for ourselves and for our ballet community. Winter often brings an increase in seasonal illnesses, so we want to take a moment to encourage good habits that help keep everyone at the studio safe and well. Here are a few key reminders to ensure your child is ready for class while also preventing the spread of illness:

- ✔ Monitor for Symptoms – If your child is experiencing a fever, persistent cough, sore throat, or other flu-like symptoms, please keep them home to rest and recover. A general rule of thumb: dancers should be fever-free for at least 24 hours (without medication) before returning to class.
- ✔ Encourage Proper Hygiene – Remind your child to wash their hands regularly, cover coughs and sneezes, and avoid sharing water bottles or snacks. Keeping a small hand sanitizer in their dance bag is also a great idea!
- ✔ Dress for the Weather – Wearing layers to and from class, including warm-ups and coats, helps prevent unnecessary exposure to the cold, which can weaken the immune system.
- ✔ Hydration & Nutrition – Drinking enough water and eating nourishing foods with plenty of vitamins can support overall health and energy levels—something every dancer needs!

We appreciate your help in keeping our studio a healthy and safe environment for all. Thank you for being part of our ballet family! Stay warm and stay well!
